Ovitt Funds Children's Parks and Athletic Track

San Bernardino- Supervisor Gary Ovitt secured over $750,000 in funds to fulfill the County's commitment towards the replacement of the Chino High School Athletic track, and for park improvements in the City of Montclair.

The Athletic track serves as a focal point for youth and adult sports programs for Chino and surrounding communities. Part of the City of Chino's promotion for the new 'Healthy Chino Program,' residents can enjoy a state of the art, quality track to exercise on a regular basis.

"This project is not only important to the youth in our District, but it also serves as a great resource for active adults and seniors," stated Ovitt. "It will serve numerous programs that utilize the complex for competition, as well as a place for adults and children to stay physically fit."

Four parks in Montclair were selected to receive funding as part of the infrastructure improvements. Alma Hoffman Park will receive $167,500 for a shade structure, playground equipment, and barbeques. $60,000 has been committed to both Sunrise and Saratoga Parks for playground equipment. Sunset Park will receive $175,000 for a restroom building and playground surfacing.

"These park improvements will help improve the quality of life for the residents of Montclair. I am happy to have the opportunity to bring a smile to a child's face," stated Ovitt. "I am happy to have committed the resources needed for park improvements for the families that reside in the City of Montclair, this has been long overdue."

For additional information regarding the Chino High School Athletic Track or Montclair Park improvements please contact Supervisor Ovitt's office at 909-465-1895.
