FOR IMMEDIATE RELEASE
SIDEWALK REPAIRS PLANNED FOR NORTH RIALTO COMMUNITY

SAN BERNARDINO – This fall North Rialto's El Rancho Verde residents will have new sidewalks throughout their neighborhood, replacing existing ones that have been damaged or deteriorated over time.

San Bernardino County 5th District Supervisor Josie Gonzales along with her colleagues on the Board today approved a contract with D. M. Contracting, Inc. of Colton. Work is scheduled to begin in September to repair or replace over 500 feet of curbs, gutters and sidewalks throughout the residential community.

"Our County Public Works Department has been working with the El Rancho Verde Municipal Advisory Council and residents to identify the areas that need attention," said Supervisor Gonzales. "We appreciate everyone's cooperation and patience as we work together towards making El Rancho Verde a safer, more inviting community."

D. M. Contracting, Inc. will also be removing trees and stumps that have damaged sidewalks. The construction and repairs will be done along several roadways throughout the neighborhood including entry points at Country Club Drive and Knollwood Avenue as well as along main corridors Riverside and Sycamore Avenues.

The Fifth District includes the unincorporated areas of Bloomington, Muscoy, North Norton, El Rancho Verde, and Arrowhead Farms, the City of Rialto, major portions of the cities of Colton and San Bernardino, and the eastern portion of the City of Fontana.
