Dear Mr. Martinez:

The letter is to confirm that the City of Big Bear Lake is requesting to be excluded from LAFCO 3179. The proposed area appears to overlay the City boundary and therefore, the City of Big Bear Lake requests to be excluded from the proposed CSA 54 Sphere expansion.

Sincerely,

David Lawrence
Director of Public Works/City Engineer

Dear Ms. Rollings McDonald:

In connection with LAFCO 3179 – Service Review and Sphere of Influence expansion for County Service Area 54 (Streetlights – Mountain Region), the Big Bear City Community Services District (District), received a request to respond to a letter asking the District to consider detachment and then future annexation. It is my understanding that you need to make a decision for a July 16th hearing, and the soonest I would be able to discuss this matter with the full Board is on July 21, 2014 at our next regularly scheduled Board Meeting. Being that this is a Board decision, I cannot give you the District's official position on this matter until there is Board action. It was explained to me that the District could accept the overlay at a later date.

Sincerely,

Nathan Zamorano
Acting General Manager
Big Bear City Community Services District
