Ramos Challenges Donors to Give BIG

SAN BERNARDINO-During the Give BIG launch event, Chairman James Ramos announced that he would, personally give an additional \$2,500 to the Third District nonprofit with the highest number of unique donors at the end of the Give BIG San Bernardino County web-a-thon.

The Give BIG San Bernardino County campaign is a 24-hour online giving day throughout San Bernardino County that will raise funds for our local nonprofits who serve our community.

The nonprofit sector is a vital component of our county, employing over 55,000 individuals and providing important resources for those in need.

Give BIG San Bernardino County begins on December 1st as the clock strikes midnight and continues for 24 hours.

With a goal of raising \$300,000 for local nonprofits and inspiring donors to become longtime philanthropists, the Give BIG San Bernardino County campaign wants YOU to explore the amazing nonprofits participating in the campaign and give BIG!

Last year, Chairman Ramos awarded The Lighthouse Project Inc. of Big Bear an additional \$1,500 for receiving the highest number of unique donors with a total of 222 individual donations.

"San Bernardino is a BIG county with BIG needs and BIG hearts," said Chairman Ramos. "That is why this year I pledge to personally give an additional \$2,500 to the Third District non-profit with the highest number of unique donors in the hope of inspiring others to GIVE BIG. Our local non-profits need your help."
