## District Advisory Committee (DAC)

The County of San Bernardino Behavioral Health Commission is divided into five separate areas consistent with the five supervisory districts of the county. Additionally, each division has a sub-committee known as a District Advisory Committee (DAC).

The primary responsibility of the DAC is to provide the Department of Behavioral Health, through the Behavioral Health Commission, feedback on the unmet needs of the community for behavioral health services within the area and countywide. The DAC provides demographic data and other important information regarding the community and its resources.

# Mental Health Workforce Education and Training Five-Year Plan Community Forums

The Office of Statewide Health Planning and Development (OSHPD) wants your feedback on the next Mental Health Workforce Education and Training (WET) Five-Year Plan, 2014-2019. This Five-Year-Plan guides the development of public mental health workforce strategies – at state, regional and local levels – toward an integrated mental health service delivery system. Via 14 community forums, OSHPD seeks feedback on:

- Engagement and employment of mental health consumers and family members in the mental health workforce;
- Engagement and employment of diverse, racial, ethnic, and underrepresented communities in the mental health workforce;
- Incentives to recruit and retain students to mental health careers;
- Education and training programs for mental health providers (expansion, curriculum);
- Reduction of stigma associated with mental illness in the workforce; and
- Regional collaboration on mental health workforce development strategies.

### Community Forum Dates, Locations, and Times:
