Dear Allan,

Even as the nation-wide recession is drawing to a close, the Inland Empire continues to face significant challenges. Despite this, Mr. Greg Devereaux, CEO of San Bernardino County, has steadfastly led the County through a bold and prescient countywide visioning process that will shape the future of this county for years to come.

Please join us for an important town hall meeting, where Mr. Devereaux will share his strategies for vibrant economic development, financial forecasting, succession planning, and incorporating healthy community strategies on a regional level.

Focal points will include: best practices and lessons learned from his experience in Fontana and Ontario. Mr. Devereaux will bring together his county vision for an excellent quality of life for all residents in the region with strategies for economic development that incorporates health, community safety and multi-sector civic engagement.

The event will also include a 30 minute Q & A. Dr. Albert Karnig, President Emeritus of California State University San Bernardino will moderate. This event has limited capacity and is therefore by invitation only.

Please RSVP by clicking the link below.

Health Equity Leadership Institute

Save-the-Date

The California Institute for Mental Health (CiMH) is launching a new pilot project, the Health Equity Leadership Institute (HELI). HELI seeks to support the development of leadership skills to achieve health equity and reduce disparities, as well as to enhance the public behavioral health system's capacity to track and eliminate disparities at the local level. Through statewide and local learning communities, HELI will support small regional teams as they work collaboratively to address health disparities identified as priorities in the region. These local learning

community teams will identify culturally relevant strategies to address the disparities and culturally appropriate methods for evaluating these efforts.

HELI regional meetings will provide an opportunity for attendees to learn more about HELI and what it has to offer. These meetings will also give participants an opportunity to provide input into the planning and development of the institute's curriculum.

How Do You Get Involved?

The HELI regional meetings are open to all interested parties. We encourage HELI regional meeting attendees to begin the process of identifying individuals that may be included in your regional team should you decide to participate in the HELI program: County Ethnic Services Managers, CBO Partner(s), Person(s) with Lived Experience, Cultural Brokers (e.g., faith leaders, Promotoras, community advocates, etc.) In addition to potential team members, regional meeting participants may also include County Mental Health/Behavioral Health Directors, MHSA Coordinators, contract providers, and others working to achieve health equity in your region.

Regional meetings will provide an overview of the HELI program, including presentations and discussions:

- Understanding Health Equity – Kristee Haggins, CiMH
- Leadership in the Context of Health Equity – Ana Estrada, Kiely Group
- Measurement and Evaluation - Steve Roussos, UC Merced
