District Advisory Committee (DAC)

The County of San Bernardino Behavioral Health Commission is divided into five separate areas consistent with the five supervisory districts of the county. Additionally, each division has a sub-committee known as a District Advisory Committee (DAC).

The primary responsibility of the DAC is to provide the Department of Behavioral Health, through the Behavioral Health Commission, feedback on the unmet needs of the community for behavioral health services within the area and countywide. The DAC provides demographic data and other important information regarding the community and its resources.

Every day, people in San Bernardino County are forced into a life no one would choose--sold into the sex trade, locked up and forced to work in sweatshops and made to work for little or no pay. Human Trafficking is a form of modern-day slavery and we, as a community, must do all we can to bring light to this important issue. Please join us for the Fourth Annual County of San Bernardino Coalition...
