The Department of Behavioral Health  
in partnership with the  
Inland Empire Concerned African American Churches  
presents

# Widening the Welcome & Deepening the Support

Featured Speaker: Gloria, Morrow, PH.D.

This presentation will focus on the state of mental health in all communities, but more specifically, the African American community. Parishioners will be introduced to some of the common signs and symptoms of mental illness and its impact on families. In addition, some of the major reasons people within communities of faith may be suffering in silence will also be discussed. Other topics of discussion will include stigma and help-seeking behaviors. The presentation will also provide strategies for helping the faith community to create programs that focus on prevention of mental, emotional and psychological distress.
