San Bernardino County Assessor-Recorder-Clerk is Nationally Recognized

Receives NACo Achievement Award for Redesigned Website.

SAN BERNARDINO, CA - San Bernardino County Assessor-Recorder-Clerk Bob Dutton is pleased to announce that the department received a 2017 Achievement Award from the National Association of Counties (NACo) for the entry titled, "Assessor-Recorder-Clerk (ARC) Website Consolidation and Redesign Project."

For many years, the Assessor-Recorder-Clerk and the county's Historic Archives' websites were located on multiple content management systems. In 2016, through the direction of Assessor Dutton, a team of staff members worked together to consolidate the websites onto one platform. The redesigned website is a one-stop-shop for the department. With the consolidation, the website has increased efficiency and has become more user-friendly utilizing updated web technologies including mobile-responsiveness.

"I am proud of the website redesign team that worked very hard on the development and design of ARC's updated website," said **San Bernardino County Assessor-Recorder-Clerk Bob Dutton**. "Making government run more efficiently has been a primary goal of mine. The NACo Achievement Award recognizes innovation and efficiency in counties across the United States and I am honored that our project was included in this year's recognition."

In 2017, NACo recognized 605 entries from 108 counties in 29 states. The County of San Bernardino received [40 awards](#).
