

**SUBJECT: CHANGE TO NEW PROVIDER FOR GRANTS LOCATOR**

The San Bernardino County Grants Office is changing providers for our grants locator database. As of July 1, 2009, you will no longer have to travel to the library to research grant opportunities.

From our office's website, any Faith and Community Based Organization will be able to view the most recently released grant opportunities by accessing GOSTream™, provided by our new partner, Grants Office, LLC. The tool will look similar to the figure below and will have a variety of funding categories to choose from.

New Member Benefit: GOSTream™ Web Service

Gaining access to up-to-date information on grant funding opportunities has been a longstanding issue of interest for many HIMSS members. HIMSS is pleased to partner with Grants Office, LLC to bring members live stream data on grant opportunities in the healthcare industry.

## **GRANTS OFFICE RESEARCH REPORT**

### **FUNDING OPPORTUNITIES INCLUDED IN THIS REPORT:**

1. Deaf and Hard of Hearing Services Grants (California)

**GRANTS  
OFFICE**

**Title:** Deaf and Hard of Hearing Services Grants (California)

**CFDA Number(s):** None

**Authority:** California Employment Development Department (EDD) Workforce Services Branch (WSB)

**Summary:** The Governor's Discretionary Funds are made available through this program for the purpose of providing employment and training services to individuals that are deaf and/or hard of hearing (DHH) and ensuring that the services provided are at least equal to services received by non-deaf and non-hard of hearing persons. This program provides deaf and hard of hearing individuals with enhanced services in selected EDD Workforce Services sites. The program will deliver effective communication and increased service opportunities by providing specialized counseling, interpretive services, job placement, follow-up services and advocacy. The program is designed to assist job-ready deaf and hard of hearing individuals in obtaining and retaining unsubsidized employment. The program also intends that interpretive services be provided to enable these individuals to receive other EDD related services. Proposals must target individuals that are deaf or hard of hearing and available for and seeking employment. The purpose and objectives of this program are very specific in nature. The distinct subject matter of this funding opportunity necessitates a thorough review of the official program guidance referenced at the URL provided in the contact section of this summary.

**Eligibility:** Proposals will be accepted from public agencies or private non-profit corporations. Individuals are not eligible to apply. Applicants must clearly demonstrate their ability to provide services to the targeted population. Applicants may submit proposals to provide services for one or multiple sites. Please refer to the official program guidance for additional information and restrictions.

**Award Information:** The total program funding available, for the period July 1, 2009 through June 30, 2010, is \$1,500,000. Funds awarded under this SFP cannot be used to purchase real property or to construct buildings. A maximum of ten percent of the total project budget will be allowed for administrative costs. The performance period for projects will be 12 months. Please refer to the official guidance for more detail. The guidance is available at the URL contained in the contact section of this posting.

**History of Funding:** None is available.

**Deadline Description:** Questions must be submitted by April 17, 2009. Proposals are due by May 15, 2009, by 3:00PM (Pacific time). Applicants may submit an application for one geographical area or for multiple areas in California. The application must follow the proposal instructions. Award announcements will be made in June, 2009. The timeline is expected to be similar, annually. All dates after the final proposal submission deadline are approximate and may be adjusted as conditions dictate.

**Additional Information:** EDD must determine the number and location of its offices within the State providing employment services to the deaf and hearing impaired and shall decide which offices shall be served by Grantees (contractors). EDD shall give priority to offices where subgrants

**GRANTS**  
OFFICE

(contracts) are necessary in order to prevent or minimize the disruption or the discontinuance of employment services to the deaf and hearing impaired which have been provided in conjunction with the Department prior to July 1, 1984. In keeping with this requirement, the EDD identified geographical areas where high concentrations of deaf and hearing impaired individuals reside.
