(2) Guardianship Investigation Fee .................................................... $250.00
SECTION 28. Effective July 1, 2014, section 16.0222 of the San Bernardino County Code is amended, to read:

16.0222 Refuse Disposal.

(a) Solid Waste Management Disposal Site Fees for Sites which Charge a Fee Upon Entrance:

Fees

(1) (A) Ordinary refuse...............................................................$47.25/ton

(B) Ordinary refuse subject to the Comprehensive Disposal Site Diversion Program (AB 939 Fee) .................$12.00/ton

(This fee is charged in addition to the per ton gate fee set forth in Subsection (a)(1)(A) above. This fee is charged on solid waste brought to a facility at which the Comprehensive Disposal Site Diversion Program has been implemented, unless such solid waste is: waste from a franchised or permitted waste hauler (or from a city, if the city collects its citizens’ waste) and is brought in a front-, rear-, or side-loading refuse vehicle (i.e., packer truck); or waste brought from a Materials Recovery Facility or where collection or processing includes a recycling component and the waste contains only an incidental amount of inseparable recyclable materials; or waste generated by a commercial enterprise that has been reviewed and determined by the County of San Bernardino Department of Public Works—Solid Waste Management Division to be sufficiently source separated as to not contain more than an incidental amount of inseparable recyclable materials.)

(2) Uncovered/Unsecured Loads

To encourage the entrance into County waste facilities of loads that are properly secured or covered pursuant to applicable State or local laws and in deflection of the additional costs incurred because of waste
escaping such vehicles, loads brought to such facilities which are not properly secured or covered will be required to pay an additional Solid Waste Management Disposal Site Fee equal to the normal applicable disposal gate fee (including any applicable perchlorate add-on fee) for such waste. This will apply to both minimum and per ton loads, and also loads which would otherwise pay no gate fee, given the payment of a Land Use Fee pursuant to the provisions of Section 16.0222(c).

(b) Fee Adjustments:
Whenever use of a disposal site financed by land use fees is restricted by order of the Board of Supervisors and refuse is thereby hauled to other sites, the Board of Supervisors may permit acceptance of such refuse without charge at the receiving sites.

(c) Solid Waste Management Disposal Facility Fees:
(1) The following annual refuse disposal land use fees, based on the County Assessor’s Land Use Codes, shall apply in the following areas. Where the Land Use Fee for any Use Code contains a schedule of fees based on the building size or number of dwelling units per parcel, but the relevant data base does not disclose sufficient building size or unit information to determine the correct category for a particular parcel, said parcel shall be charged as though it were the third smallest sized category if there are five or six size categories. If paid, such land use fees shall constitute, relative to ordinary refuse (excluding demolition waste, tires and hard to handle and special handling items) generated on the parcel of property for which the fee is paid, payment of the ordinary refuse per ton fee as set forth in Subsection 16.0222(a)(1), and the passenger/light use vehicle and trailer fee as set forth in Subsection 16.0222(h)(1), which may be otherwise due:
