WHAT IS ZONING?
Zoning is a local law that regulates various aspects of how land can be used. These regulations can include what type of land uses are allowed on a property, the intensity and density of development, limitations on the height, bulk and placement of structures, as well as other aspects of land use and development activity. County of San Bernardino regulates zoning for all unincorporated areas of the County. The official document that regulates zoning for all unincorporated areas of the county is the County of San Bernardino Development Code. https://codelibrary.amlegal.com/codes/sanbernardino/latest/sanbernty_ca/0-0-0-60217
