

NOTICE OF HEARING

**A PUBLIC HEARING HAS BEEN SCHEDULED BEFORE
THE
SAN BERNARDINO COUNTY PLANNING COMMISSION
TO CONSIDER THE FOLLOWING APPLICATION**

PROJECT DESCRIPTION

The proposed project includes a General Plan Amendment, a Greenhouse Gas (GHG) Emissions Reduction Plan (GHG Plan), and a Development Code Amendment (Project). Additionally, the Department has prepared a Supplemental Program Environmental Impact Report (SEIR) to comply with the California Environmental Quality Act (CEQA). The General Plan Amendment adds a policy and programs to the 2007 General Plan addressing the reduction of GHG emissions within the County boundaries. The GHG Plan addresses the reduction of GHG emissions in the unincorporated areas of the County that are under the County's land use authority, as well as all County operations and facilities, whether within an incorporated city, town or within an unincorporated area. The Development Code Amendment incorporates various implementing provisions of the GHG Plan in Division 4 and 5. The SEIR addresses the environmental effects of implementing the GHG Plan in light of the previous environmental review in the General Plan Program EIR as provided for under CEQA Guidelines 15163.
