SUBJECT: Response to Comments – General Retail Store, San Bernardino County, California.

Dear Mr. Saivar:

This letter provides confirmation that the 1.4-acre site that is located immediately northwest of the intersection of Sunburst Avenue and Twentynine Palms Highway (Hwy 62) in Joshua Tree, San Bernardino County, California, does not support creosote bush (*Larrea tridentata*) rings greater than 10' in diameter. The site has been substantially disturbed as a result of previous human use associated with nearby development.

If you have any questions, please call me at (949) 351-0192.

Respectfully,

IRONWOOD CONSULTING, INC
