FIRST NOTICE OF GROUNDWATER EXTRactions

Your First Notice of Groundwater Extractions has been received and reviewed. The Notice meets the requirements of the Water Code. Accordingly, we have assigned Recordation Number 36011 to your Plant Site well. Please refer to the Recordation Number in future communications with the Board.

We will send you an Annual Recordation Notice each January to report the amount of water extracted during the previous year. Each Annual Notice must be returned to us prior to June 30. Although there is no penalty for failure to file the Annual Notice, failure to file is considered nonuse of water for the reporting year.

Thank you for your cooperation. If we can assist you in any way, please do not hesitate to contact us.

Sincerely,

Koso Nodohara
Sanitary Engineering Associate
