Supervisor Rutherford Expanding Youth Council

SAN BERNARDINO—Second District Supervisor Janice Rutherford is expanding her Youth Council to give more young people an opportunity to participate in the program.

“The Youth Council gives high school students a chance to make positive contributions to their community while they are learning about local government and getting to know other motivated and engaged teens,” Rutherford said. “Last year we had 25 students, and I’d like to get even more teens involved with the program in the coming year.”

The Youth Council meets from 5 to 7 p.m. on the third Tuesday of the month in Rancho Cucamonga. The term is from September to May, and there may be some optional events during the summer. In addition, during the term, the group performs community service projects on evenings and weekends and takes part in other events, such as job shadowing and the annual Second District Christmas reception.

Members must reside or attend a high school—including private, charter and home schools—in the Second District, have access to email, and provide their own transportation to meetings and events.

Students can fill out and download the application at www.sbccounty.gov/Rutherford. The application is located under the Open Government tab. Applications are due by Aug. 31.

Youth Council Coordinator Stephanie Rose can be reached at (909) 948-5043 or at Stephanie.Rose@bos.sbccounty.gov for information about the program.
