SNOW REMOVAL CONTRACTOR INFORMATION

Due to the unusual amount of snowfall that has accumulated in our local mountain areas, Third District Supervisor Neil Derry has put together a list of snow removal contractors to supplement the county's fleet of snowplows.

"The following list of contractors was compiled by the County of San Bernardino as a public service to those who may wish to engage a snow removal contractor. The County has not investigated the contractors and does not approve, disapprove, recommend or endorse any contractor on the list. As well, the fact that a particular contractor does not appear on the list it does not indicate that the omitted contractor is not suitable. It is up to each individual to use his or her due diligence in investigating the contractor prior to engagement. The County assumes no liability or expense should any of the contractors on the list be selected."
