

San Bernardino County, Department of Behavioral Health
and the California Association of Addiction Recovery Resources (CAARR)
Disability Access Project present:

DISABILITY AWARENESS & SENSITIVITY TRAINING

TREATMENT PROTOCOLS FOR THE HUMAN SERVICE PROFESSIONAL

WHO SHOULD ATTEND: All clinics and facilities are required to adhere to ADA guidelines. These guidelines have recently been modified. **It is recommended that all clinics and facilities have representation.**

OBJECTIVES:

- Define and identify physical, sensory and cognitive disabilities
- Distinguish between alcohol and drug dependency as a disability and alcohol and drug dependency and co-existing disabilities
- Give examples of disability etiquette when working with individuals with specific disabilities
- Recognize and apply strategies for effective treatment planning
- Identify potential barriers within the community, which may diminish successful aftercare services and prognosis for ongoing recovery
