This training is designed to give AOD counselors an overview of working with social workers and support staff in child welfare. It will explain the programs in the department, provide an understanding of how they operate and of who the players are.

Objectives of the course include:

- Increase knowledge, awareness and understanding of Children and Family Service (CFS)
- Learn what happens when a report is made
- Understand the differences between referrals and cases
- Gain insight into the CFS investigation process
- Understand CFS and Dependency Court language (acronyms)
- Know the importance in submitting timely reports
- Know what information should be submitted

Continuing Education Credit offered:
