for assistance, please call (800) 722-9866 or email training@dbh.sbcounty.gov

Professional office attire is expected from attendees. No jeans are allowed.

This presentation will provide participants with an overview of synthetic drugs commonly known as 'spice and bath salts' followed by an in-depth view of where these products are sold, how they are marketed and used.

At the conclusion of this training, participants will be able to:

- Identify how synthetic drugs (spice and bath salts) are used and marketed.
- Describe symptoms associated with synthetic drug users as well as dangers associated with short and long term use
- Demonstrate knowledge of safety risks to self and others when under the influence of synthetic drugs
- Recite national, state and local data on the prevalence of use among specific populations
- Discuss overview of national, state and local efforts to address the sale, use and possession of synthetic drugs
