

Meeting the Challenge:

Incorporating Culturally and Linguistically Appropriate Services (CLAS) Standards into Our Continuum of Care

DESCRIPTION

This training will provide an overview of the concepts and principles of cultural and linguistic competence, and enable participants to meaningfully incorporate these critical components into their work. Participants will learn how to assess their services and align their work with the 14 National CLAS Standards developed by the US Dept. of Health and Human Services, Office of Minority Health.

OBJECTIVES

Through hands-on, highly interactive training modules, participants in this training will:

- Establish a working definition of culture, its role and purpose
- Explore personal values in relation to client or participant values
- Imbed cultural outcomes in each step of their planning process
- Become familiar with the 14 CLAS standards and their function as an organizational framework

Location:
BHRC - Auditorium
850 E. Foothill Blvd.
Rialto, CA
92376

Cost-free follow-up technical assistance and training will be offered to all participants

PRESENTER

Dr. Tamu Nolfo, Project Manager for the Community Alliance for CLAS, is a Certified Prevention Specialist and Robert Wood Johnson Foundation fellow, who has worked in the substance abuse field for 20 years. She has helped build multiple coalitions, successfully advocating for prevention programming and was handpicked as an advisor for the State of California Department of Alcohol and Drug Programs through three administrations.
