## Behavioral Health Commission District Advisory Committees (DAC)

The San Bernardino County Behavioral Health Commission is divided into five separate areas consistent with the five supervisory districts of the county. Additionally, each division has a sub-committee known as a District Advisory Committee (DAC).

The primary responsibility of the DAC is to provide the Department of Behavioral Health, through the Behavioral Health Commission, feedback on the unmet needs of the community for behavioral health services within the area and countywide. The DAC provides demographic data and other important information regarding the community and its resources.

2016 Gathering on Mental Health and the Church

### **LET'S TALK ABOUT IT**

It's difficult to imagine that mental illness will affect 50% of adults in their lifetime - a statistic of shocking proportions. The first place many go for help is to their pastor or priest, because the heart of Jesus and the church has always been for those who suffer.

### **IT'S TIME FOR THE CHURCH TO LEAD THE WAY TOWARD HOPE**

The Gathering on Mental Health and the Church is designed to equip church leaders to provide effective and compassionate care, encourage individuals living with mental illness, educate family members, and assist mental health professionals. Be part of breaking the silence and stigma by joining us for this hope-filled event, standing side-by-side with those living with mental illness.
