

Mental Health Services Act Innovation Plan

You are invited by the
County of San Bernardino
Department of Behavioral Health to attend...

Community Public Input Forums

These community forums are being held to gather public input on the Innovations component of the Mental Health Services Act.

The Mental Health Services Act (MHSA), Proposition 63, was passed by California voters in November 2004. Innovations offer an opportunity to further transform and integrate the mental health system.

INNOVATIONS are novel, creative, ingenious mental health approaches that are expected to contribute to learning which are developed within communities through a Community Program Planning process that is inclusive and representative, especially of unserved, underserved and inappropriately served individuals.

Please join us at one of the listed community forums to learn more about the Innovations component and to voice your opinion.

Interpretation services in the following languages will be provided: Vietnamese (West Valley Only), Spanish, and American Sign Language

If special accommodations are required please contact: (909) 421-4642
