

**San Bernardino County CSS WORK PLAN**  
**CSS Plan – 2005-06, 2006-07, 2007-08**

**Exhibit 4**

**Program Work Plan Name: One Stop TAY Center**

**Work Plan Number – TAY - 1**

**Description of Program:**

The One Stop TAY Center will provide integrated services to the unserved, underserved, and inappropriately served TAY (16-25 years) who are:

- Severely and Persistently Mentally Ill (SPMI)
- High users of acute facilities
- Homeless
- Have co-occurring disorders
- Incarcerated
- Institutionalized
- Recidivists with significant functional impairment

Services will include 24/7 access to:

- Mental health services
- Medical support
- Educational/vocational services
- Intensive case management
- After care services
- Supportive housing

Services provided will address the transitional domains of employment, educational opportunities, housing and community life necessary for wellness and recovery of young SPMI. All services will be provided in a culturally competent manner that is age and developmentally appropriate.

San Bernardino County Department of Behavioral Health has a Cultural Competency plan that reflects our commitment to ongoing training of staff, recruitment and retention. Consumers, youth, and their families will be an integral part in the development of age appropriate services that reflect developmental and special needs of TAY. The One Stop TAY Center will include peer and mentoring support services. County agencies and community partners will be co-located to provide a comprehensive service for TAY in order to reduce out-of-home and high levels of placement, incarceration, and institutionalization.

### **Development and implementation of One Stop TAY Centers**

<b>2005-06</b>	<b>First TAY Center</b>	<b>West Valley/Central Valley Region</b>
<b>2006-07</b>	<b>Second TAY Center</b>	<b>East Valley/San Bernardino Region</b>
<b>2007-08</b>	<b>Third and Fourth TAY Centers</b>	<b>High Desert and Mid Desert Regions</b>

There will be a menu of available recovery services at the centers including, but not limited to:

- 24/7 access to behavioral health/peer counselors
- Easy access to all needed services from community partner agencies
- Housing support
- Educational/vocational training
- Job search and coaching
- Skill building necessary for community life
- Recovery and co-occurring specialized programs
- Recreation activities
- Email/internet access
- Other necessary referrals for community integration

Services that are both culturally and linguistically appropriate will be provided to TAY and their families. Behavioral Health staff, peer counselors, parent partners, adjunct agency staff, and peer volunteers will receive cultural competency training in order to provide linguistically and culturally appropriate services.

**Priority Population:**

TAY (16-25 years) will be served at the One Stop TAY Center. This is a new program.

Existing limited programs addressing the needs of TAY include case management, client run clubhouse, and other mental health services. San Bernardino County has not been successful in outreaching to TAY as most services do not address their situational characteristics, developmental needs, and are not tailored to the specific needs of TAY.

Significant efforts will be made to work with Latino and African-American youth who are disproportionately over-represented in the Justice System and out-of-home (Foster Care, group homes, institutions) placements. TAY with co-occurring (mental health and drug/alcohol) disorders, SPMI, unserved, uninsured, and homeless or at risk of becoming homeless due to exiting out-of-home placement, high utilizers, and recidivists will be targeted.

The number of clients projected to receive services annually is 272 under Full Service Partnerships, 39 under System Development, and 34 under Outreach and Engagement for a total of 345.

<b>TAY</b>	<b>Unserved, Underserved or Inappropriately Served</b>
African-American	18%
Asian-American	2%
Euro-American	35%
Latino	37%
Native-American	2%
Other	6%

**Strategies:**

#	Name and Description	Fund Type			Budget		
		FSP	SD	OE	Expense	Revenue	Net CSS
	<ul style="list-style-type: none"> <li>Stakeholder collaborative services with multiple community based organizations co-located in the center for easy access.</li> <li>Early identification and assessment of underserved TAY populations and their families who are SMI, homeless or at risk</li> </ul>	X			\$4,426,579	\$897,867	\$3,528,712
