16K999 Complaint Inspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: Our department received a complaint of lack of cold water and lack of toilet tissue in the women restroom. The complainant also added that the waitress wiped her nose several times while squeezing lemons without washing her hands and that the owner, Stacey, told them to go and 'pee' outside by the garbage bin because the toilets were clogged up. The manager on duty at the time of inspection, Cesar, stated that the clogged toilets were repaired the same day. No clogged toilets observed at the time of inspection. Cold water and toilet tissues are available at the time of inspection. However, no hot water observed at the hand washing sink in the women restroom at the time of inspection. Note: Correction is being made.

As a reminder, the waitresses/food workers shall wash their hands whenever they wiped their nose or any part of their body before returning to prepare or serve food/beverages.

Description: A complaint report has been received by Environmental Health.
