Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended

Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional reinspection at a charge of \$61.25 per 15 minutes with a minimum time of 30 minutes, and a minimum charge of \$122.50

**Inspection Violations**

No violations cited.

**Overall Inspection Comments**

Complaint received alleging an individual almost slipped on oil leaking of wagon out front of facility.

**Findings:**

Tar build up found under wagon display but does not appear to come from wagon; appears to be dumped recently. Remove tar and cover with dirt. It does not appear feasible that this is a slipping hazard as it is not in a walk way.

No other complaints received by DEHS or by High Noon management.

Complaint Closed.
