Violation Description: A complaint report has been received by Environmental Health.

Overall Inspection Comments

Observed floor drain beneath 3 compartment sink still clogged, standing cloudy water in drain. Manager stated that drain was serviced last week. Viewed invoice for service on 4/24/13. Manager stated that plumber was supposed to return Sunday evening to follow up, but did not. Spoke with store manager via phone and confirmed that plumber was scheduled to check the drain pipes beneath floor and replace them tomorrow morning. Manager also stated that other floor drains at the facility in the past have had re-piping done, which consisted of replacing the pipes underground because some were broken.

Observed no other clogged floor drains in facility. Observed no backing up issues.

Observed sufficient air gap of drain pipes at all floor sinks.

Observed a slow draining hand sink in men's restroom.

Repair clog as soon as possible.

Facility **MUST BE CLOSED** during time of pipe repair due to lack of water.

Facility **MAY NOT** operate without running water potable water.

Inspector may return in morning to verify that facility is **CLOSED** during repairs.
