16K999 Complaint Inspection

Compliance Date: Not Specified
Not In Compliance
Violation Reference - HSC

Inspector Comments: This department received a complaint of complainant stated the restaurant is unsanitary; that cockroach ran across table and complainant informed staff that did nothing about it.

Findings:

A thorough observation was conducted throughout the facility (kitchen, storage room, dining area, etc...) for evident of pests/cockroaches/vermins.

Observed there is no current, active infestation at the facility.

Observed both front and back door are closed. Observed the lid to the external refuse bin kept closed.

Facility operator stated there had been previous cockroaches' problems in the past; however, the facility is currently under a strict monthly pest control treatment.

Observed there is available pest control service log in place at the facility. Observed the most recent pest control report dated 4/17/13 indicates 0 (zero) live activity is found at the facility. The pest control service is provided by Antimite. The report also indicated that the facility is currently under treatment for rats, cockroaches, ants, and spiders.

No future action revealed at this time.

Violation Description: A complaint report has been received by Environmental Health.
