Overall Inspection Comments

This visit is to conduct a re-inspection due to violations observed during the inspection conducted on 06-07-13. Most violations have been corrected. However, the following must be corrected:

1. The paper towel dispenser at the handwashing sink in the procedure area must be in compliance with AB 300. Observed dispenser no in compliance with AB 300.
2. Aftercare form is missing the duration of restrictions.
3. Medical questionnaire is missing the question "whether the client may be pregnant."
4. Consent form is missing a description of what the client should expect following the procedure.
5. Incomplete IPCP was observed. Provide and maintain a complete IPCP.
6. Maintain the sterilization log up to date. Observed written log left in blank.

The owner is planning to expand (remodel) this facility. Ensure to submit plans for approval to Environmental Health Services before any construction.
