**16K999 Complaint Inspection**

Compliance Date: **Not Specified**

Inspector Comments: The DEHS has received a complaint that a customer saw a rat in the dining area.

Not In Compliance

Violation Reference - HSC

Violation Description: A complaint report has been received by Environmental Health.

**Overall Inspection Comments**

During the complaint inspection there were no observed rodents (alive or dead) anywhere in the facility. Inspector observed no rodent droppings or urine stains anywhere in kitchen, dry storage area, waitress counter area, dining room, nor restrooms. There was no observed gnaw marks or patterns on food or food packaging in dry storage areas. There was no observed large holes in wall or ceilings indicating a possible entry way for rodents into facility.

Operator was able to provide a copy of their most recent Ecolab pest control report (July 2013) that shows the facility is treated for rodents and roaches, and that there was no activity found during the most recent inspection.

Complaint is closed.
