 Violation Reference - **HSC**

Inspector Comments: Received complaint on 10-15-13. This dept received a complaint alledging the following: Complainant alledges that the swimming pools are being resurfaced and the chemicals that are being used are making the students have headaches. Observed that both swimming pools are drained and being resurfaced. Fiberglass is being used to resurface the pools. Fiberglass was applied last week. Another coat of fiberglass will be added today. Observed a little chemical odor. One staff member stated that there were a lot of fumes last week. Fumes were investigated by the school district and contractors safety officers. Safety officers allowed the contractor to continue work. If there are anymore safety concerns, make sure they are cleared thru the district safety officer.

In regards to the pool remodeling, plans may be required. Contact the health dept plan check dept at 1-800-442-2283.

Violation Description: A complaint report has been received by Environmental Health.
