16K888 Food Worker Certification - Billable Re-Reinspection

Compliance Date: Not Specified
Not In Compliance
Violation Reference - SBCC - 33.0410, 33.0411

Inspector Comments: It was noted on a routine inspection dated 1/23/14 that there was 1 missing food handler card. This facility was given 14 days to fax the completed missing food worker card sheet to the health dept. However, the compliance has not been met. Inspector spoke to Luis, the owner who stated that the employee (Felipe) whose food handler card not observed during the inspection does not work in the facility anymore. However, during the routine inspection on 1/23/14 inspector was not informed about this. Omar, the person in charge on that day gave inspector the employee's full name so that inspector could properly write employee's name on missing food handler card sheet. Luis stated that he has Felipe's food handler card with him and will fax it to the health dept.

Violation Description: During your last routine inspection, it was noted that your facility was in violation of the food worker certification requirement for San Bernardino County. Since the inspection, food worker certification compliance has not been verified by Environmental Health staff. A billable reinspection has been conducted on this date to verify compliance.
