16K999 Complaint Inspection

Compliance Date: **Not Specified**
Not In Compliance
Violation Reference - **HSC**

Inspector Comments: Received complaint; complainant stated that the cabinet that holds the Mexican sweet bread was filled with flies. Complainant stated that he notified the store manager, but when he came back to the bakery the next day noticed that there were still a large number of flies.

During complaint investigation on 3-13-14, observed the following:

- 1) Air curtains at the front doors were on and functioning.
- 2) Air curtains at the delivery bay were on and functioning.
- 3) No flies were observed in any of the Mexican sweet bread cabinets.
- 4) Observed only one (1) fly in the bakery area.
- 5) Observed that electric fly traps were installed in the bakery area and were functioning.

Manager stated that pest control service comes to facility two to three times per month; most recent visit was this week. Manager stated that air curtains at the delivery bay are kept on even at night.

Recommend to continue with regular pest control service. Take necessary steps to prevent fly/vermin infestation.

Complaint is now closed.

Violation Description: A complaint report has been received by Environmental Health.

Overall Inspection Comments

Complaint is now closed.
