16K889 Food Worker Certification - Reinspection

Compliance Date: Not Specified

Inspector Comments:

Not In Compliance

Violation Reference - SBCC - 33.0410

Violation Description: During your last routine inspection, it was noted that your facility was in violation of the food worker certification requirement for San Bernardino County. Since the inspection, food worker certification has been verified by Environmental Health staff and 100% compliance has been achieved. No further action is required at this time for this violation.

Overall Inspection Comments

Facility as of reinspection date was not in compliance with food worker card requirement. 1 of 3 cards was missing. For card in question, food worker card form stated that the employee had been terminated. Upon speaking with a district manager, the employee had not ever worked at that the facility, though the name was on the active schedule.

For non-compliance with requirement, the facility will be charged at the regular hourly rate in a half hour increment of \$122.50.

Due to employee no longer working at food facility and the rest of the food worker cards being available, the facility is now in compliance.
