Not In Compliance

Violation Reference - **HSC - 114259.1, 114259.4, 11425**

Violation Description: Food facility shall be kept free of vermin: rodents (rats, mice), cockroaches, flies. (114259.1, 114259.4, 114259.5) Live animals are not allowed in a food facility unless, food employees with service animals may handle or care for their service animal if they wash their hands as required or persons who are licensed pursuant to Chapter 11.5 of Division 3 of the Business and Professions Code. (114259.4, 114259.5)

Overall Inspection Comments

We received a complaint from a customer stating that she and her daughter observed roaches in their fried rice. Both became ill shortly after eating the rice.

During todays inspection I observed several flies in the kitchen. Eliminate flies.

I observed temperatures ranging within the safe range in the refrigerator. Rice hot holding on the stove was holding at above 135 degrees. I observed no roaches in the facility today.
