Violation Reference - **HSC**

Inspector Comments: Environmental Health has received a complaint stating that there is rodent activity inside facility and the fruit and vegetables are not being properly washed prior to preparing and serving.

Violation Description: A complaint report has been received by Environmental Health.

Overall Inspection Comments

Discussed nature of complaint with owner/operator.

Observed no rodent activity throughout facility. Operator has pest control service 1 time per month, and places own glue traps periodically.

Questioned employees who prepare in back kitchen, and all stated that preparation procedures are to wash and/or rinse, cut and place in walk in to cool.

Unable to verify complaint at this time.

Complaint closed.
