16K999 Complaint Inspection

Compliance Date: Not Specified
Not In Compliance
Violation Reference - HSC

Inspector Comments:

-Complainant stated that on 07/17/14, complainant and another person went to facility and had "wild cod salmon" and found a live worm with blood inside salmon.

-Upon inspection, observed the following:

1. A small remaining piece of what looked to be like a fish bone or possibly a thin rice noodle held inside a container with a lid that was retrieved by facility from complainant.
2. Three pieces of raw salmon held at 33°F in refrigerator at cook's line and a box with frozen salmon held at 29°F in freezer. Per operator, all salmons are received frozen and transferred into freezer for proper cold-holding, then prior to use, salmon is defrosted in refrigerator for 12 hours.
3. Per operator, salmon is cooked to at least 145°F for at least 15 seconds and cooked for at least 2.5 minutes, per side on a 400°F grill.
4. One frozen box held in freezer were labeled with "Keta Salmon Filets" from USA from "JMT Distribution", San Clemente, CA.

Complaint has been addressed and is now closed.

Violation Description: A complaint report has been received by Environmental Health.

Overall Inspection Comments

Complaint has been addressed and is now closed.
