Inspector Comments: Our office received a complaint on 10/2/14. According to complainant, he bought beef tacos and when he took the wrapper off the meat had really bad odor and tasted old. Upon investigation, inspected taco meat storage and holding temperatures and for any signs of spoilage. As a result observed taco meat stored at 38 deg F in the walk-in cooler, and held at 187 deg F on the steam table. Also learned that facility receives 2 shipments of this meat per week. Facility management had no similar complaint reports. Ensure safe food is served at all times. Case closed.

Violation Description: A complaint report has been received by Environmental Health.
