Inspector Comments:

A metal rod type of holder for needles has been used for permanent make-up procedure at this facility. The unit was obtained from ACE hardware store according to the practitioner; it contains no motor and is not presterilized. There was no separate part between the metal rod holder and the needle to prevent contamination. The facility no longer has autoclave to sterilize the metal holder either. Due to above reasons, the practitioner was directed to shop for a better machine or similar tool to ensure safe permanent make-up procedure. The inspector will follow up on this issue.

Violation Description:

119308 (b) (6) At the completion of the procedure, the practitioner shall package and sterilize reusable instruments that may have come in contact with nonintact skin or mucosal surfaces.

119309 (e) An instrument or other reusable item that comes into contact with nonintact skin or mucosal surfaces shall either be single use or be cleaned, decontaminated, packaged, and sterilized after each procedure. Sterilization shall be accomplished pursuant to the procedures established in Section 119315 by steam autoclave.

119311 (h) Any part of a tattooing machine that may be touched by the practitioner during the procedure shall be covered with a disposable plastic sheath that is discarded upon completion of the procedure, and the machine shall be decontaminated upon completion of the procedure.

20	119311(g) - Parts replaced between clients - grommets, elastic bands, etc.
21	119309(a-c) - Workstation/procedure area decontaminated
22	119301(k) - Appropriate chemical disinfectant used
23	119301(b) - Disinfectant used appropriately/sufficient contact time Wet contact time provided:
24	119311(h) - Barriers available and used appropriately *
25	119311(a)(c)(d) - Products applied to skin are single use/dispensed aseptically

119306 (c) As a condition of registration, the applicant shall provide all of the following: Evidence of current hepatitis B vaccination, including applicable boosters, unless the practitioner can demonstrate hepatitis B immunity or has complied with current federal OSHA hepatitis B vaccination declination requirements. Evidence of completion of OSHA Bloodborne Pathogen Training consistent with Section 119307 and pursuant to paragraph (2) of subdivision (g) of Section 5193 of Title 8 of the California Code of Regulations or its successor. Proof that he or she is 18 years of age or older. Self-certification of, knowledge of, and commitment to meet state law and relevant local regulations pertaining to body art safety. His or her business address and the address at which he or she will perform any activity regulated by this chapter. Payment of a registration fee directly to the local enforcement agency. The local enforcement agency shall set the fee at an amount not to exceed the amount necessary but that is sufficient to cover the actual costs of administering the program. The local enforcement agency shall issue a health permit after an investigation has determined that the proposed body art facility and its method of operation meets the specifications of the approved plans or conforms to the requirements of this article.

119306 (d) A practitioner shall display, in a place readily visible to the public at the body art facility where the practitioner is performing body art, the certificate confirming registration with the local enforcement agency in the jurisdiction in which that practice is conducted.

119306 (e) A valid and current registration issued by a local enforcement agency shall be valid in any other jurisdiction for no more than five consecutive days, or 15 days total, in any one calendar year.

119312 (g) The health permit shall be posted in a conspicuous place at the body art facility. Certificates of registration for all practitioners performing body art in that facility shall also be prominently displayed either near the health permit or at the individual practitioner's procedure area if each practitioner has a designated area.

119318 (d) The name, telephone number, and directions to an emergency room near the temporary body art event shall be posted in a conspicuous location.

119318 (e) Each practitioner working in a booth at a temporary body art event shall display his or her certificate of registration, or keep the certificate in a folder that is available for inspection upon request of the enforcement officer or a client.

33	119306, 119307, 119318 - IPCP and employee training records and Hepatitis B vaccination status present
34	119316(4);119318(b)(2) - Restrooms available, stocked *
35	119314(e,f,h) - Plan Review
36	119306; 312; 317; 318 - Permits Obtained & Available *
37	119319(c) - Impoundment
38	119320(d) - Hearing Scheduled
39	119320(a-c);119321 - Closure *

Overall Inspection Comments:

A follow-up inspection will be conducted mainly due to the following reasons:

- Unsafe permanent make-up machine/tool
- Expired tattoo facility permit
- No current registration for the practitioner

The practitioner was directed to email the inspector after a safe machine/tool is obtained.
