RETAIL FOOD PROTECTION - Public Eating PI (25-99 Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K992 Permit Reinstatement

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: The health permit of this food facility is hereby reinstated and the facility may now resume open food operations.

Description: The health permit to operate is hereby reinstated and facility may open.

16K994 Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: A reinspection was conducted on this date to verify proper elimination of cockroaches observed during the complaint investigation conducted on 4/9/2021.

During the complaint investigation conducted on 4/9/2021, an excessive number of dead German cockroaches were observed on the floor throughout the facility in the following areas: in the dry storage area leading to the back door, around cooking equipment, near the cold holding table across from the grill, and underneath the 3-compartment sink. Live German cockroaches of varying life stages were also observed in the dry storage area near the back door.

On this date, 1 dying adolescent German cockroach and 1 live nymph German cockroach were observed by the floor drain underneath the mechanical warewashing machine. Observed all other areas to be properly cleaned and sanitized with no evidence of prior cockroach infestations. The owner provided a pest control invoice dated on 4/9/2021 from Esc-O-Pest company indicating the facility was treated for German, American, and Oriental cockroaches throughout the interiors, kitchen, dining room, and storage rooms. According to the owner, another pest control service date is scheduled for this Friday, 4/16/2021.

Ensure to continue to take appropriate steps to eliminate all vermin activity from the facility. A reinspection will be scheduled for Wednesday, 4/14/2021 to ensure the facility is completely free of all signs of vermin. If any evidence of vermin is observed, the facility may face closure and suspension of health permit. A billable re-inspection will be charged at a minimum rate of \$122.50 per half hour.

At this time, the health permit is hereby reinstated and the facility may resume all open food operations.

Description: Reinspection conducted at this time to determine compliance from prior inspection.

Overall Inspection Comments

No summary comments have been made for this inspection.

FREE Classes to L.E.A.R.N!

Liaison Education And Risk Network (L.E.A.R.N.) is a FREE class based on the fundamentals of Active Managerial Control and the Centers for Disease Control and Prevention's five risk factors that lead to foodborne illnesses. Find out when the next L.E.A.R.N. class is by checking our [calendar](#).
