### RETAIL FOOD PROTECTION - Public Eating PI (25-99 Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

#### 16K999 Complaint Inspection

Compliance Date: Not Specified

Reference - HSC

**Inspector Comments:** Environmental health received a complaint on 09/23/2022 stating the facility is infested with rodents, specifically the kitchen area. Complainant also stated the working conditions are unsanitary and facility is dirty.

Questioned the manager who stated they were unaware of the complaint. Per the manager, pest control services the facility every week. A pest control report was available from "Stanley Pest Control" dated on 09/15/2022, however service was for cockroaches. No rodent activity was stated on the report. Manager stated they have not seen any rodents and they deep clean the facility every night.

Observations:

- After thorough search of the facility, observed no rodents or rodent droppings within the facility
- Accumulation of dirt on the floors throughout the facility

Maintain the facility free of vermin. Clean and sanitize any affected areas. Clean the floors and maintain in a clean and sanitary manner to prevent vermin harborage.

See routine inspection report for more details.

No further action required.

**Description:** A complaint report has been received by Environmental Health.

#### Overall Inspection Comments

A routine inspection was conducted on this date.

#### FREE Classes to L.E.A.R.N!

Liaison Education And Risk Network (L.E.A.R.N.) is a FREE class based on the fundamentals of Active Managerial Control and the Centers for Disease Control and Prevention's five risk factors that lead to foodborne illnesses. Find out when the next L.E.A.R.N. class is by checking our [calendar](#).
