16K994 Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: A re-inspection was conducted regarding 3 broken cold holding units that was observed not holding foods at 41F and below during last routine inspection, 3/12/15. Upon inspection, observed the following:

- All 3 units holding foods below 41F.
- Per manager, one unit was low on freon and another needed to have thermostat replaced.
- Observed sauces in tubs cooling in ice bath. Half of tub was submerged in ice. Ensure foods are cooled from 135F to 70F within 2 hours and then from 70 to 41F within 4 hours. Stir products as necessary for even heat distribution and transfer to walk-in cooler as soon as possible.

Description: Reinspection conducted at this time to determine compliance from prior inspection.
