Inspector Comments: This re-inspection is being conducted at the request of the operator. This facility was closed for business at the time of this inspection.

On 8/16/19 at 2:00 PM the health permit for this facility was suspended due to a sewage backup in the following areas:

2. Floor sink by the dough prep table had standing water almost to the rim.
3. Floor trench drain by the dough prep table had standing water almost to the rim.

Floor drain by the handwash sink, floor sink and floor trench sink by the dough prep table and the mop sink were all clear of sewage backup and the areas had been cleaned and sanitized. Owner had removed the covers of all the drains and floor sinks to verify they were all clear and unobstructed.
