### RETAIL FOOD PROTECTION - Public Eating PI (25-99 Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

#### 16K993 Re-Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

**Inspector Comments:** The purpose of this visit was to conduct a billable reinspection, charged at the hourly rate of \$245 an hour, as indicated in the reopening inspection report for the reopening inspection conducted on 6/15/2018 in response to a closure during a complaint investigation conducted on 6/14/2018. Two (2) complaint investigations were conducted on this date as well (CO0061923, CO0061926) During the reopening inspection on 6/15/2018 the following were observed:

- No fresh droppings were observed.
- Old droppings were found in the following locations.
  - Throughout several soda syrup boxes in the soda syrup storage area.
  - Underneath flooring of grease trap container area.
  - Underneath hot holding unit metal surface.
  - Underneath flooring in customer soda station.
- Empty Set traps were observed throughout the facility, no rodent activity noted.
- Food debris was still observed throughout floors and walls in kitchen.

On this date (6/18/2018) the following was observed:

- The electrical box near the secondary customer entrance nearest 29 Palms Hwy was observed to be temporarily covered with duct tape.
- One old dropping was found in the kitchen area under the counter at the front of the kitchen near the set trap. This dropping was removed from the facility.
- Several set traps were observed throughout the facility, no rodent activity was observed. All traps were rodent free and observed snapped.
- No fresh droppings were observed in the facility.
- Dewey Pest control records were observed for follow up treatment conducted on this date, 6/18/2018. Per the records no droppings were observed, no rodent activity was observed in the facility, one chewed box was observed on the exterior of the building. Dewey Pest control has scheduled a follow up to be conducted on 6/20/2018.

Continue to eliminate the infestation and evidence of an infestation. Manager has been instructed to continue efforts to eliminate harborage and elimination of pests and evidence of pests from the facility. Continue to thoroughly clean all areas where rodent droppings/activity have been observed during recent inspections. Provide your local health inspector follow ups regarding progress, including Dewey pest control documents after their follow ups.

Follow up with local health inspector required to verify continued compliance. A follow up inspection will be conducted in 1 weeks time to verify continued compliance and to inspect for continued signs of rodent activity.

**Description:** Billable re-reinspection conducted at this time to determine compliance from prior reinspection.
