**Inspector Comments:** The purpose of this visit was to conduct a follow up inspection, as indicated in the billable reinspection conducted on 6/25/2018 to verify continued compliance with vermin proofing the facility and elimination of the rodent infestation within the facility.

On the previous re-inspection the following was observed:

- one fresh dropping observed in the dry storage area on top of the cup storage box.
- Pest control records were observed for 6/22/2018. The record indicated one small rodent was caught in the back storage area. 8 glue traps were placed. Follow up for pest control was scheduled by Dewey pest control on 6/25/2018.
- Pest control records were observed for the 6/25 Dewey pest control follow up service conducted this date. The records indicated that one rodent was caught in the back beverage storage area. and onion was observed with signs of chewing. Per the person in charge the onions were discarded and the rodent was removed from the facility by pest control. A follow up with Dewey Pest control is scheduled for 6/27/2018.

On this date (7/2/2018) the following was observed:

- one old dropping observed near the floor sink near the soda syrup storage area.
- one old dropping observed near the floor sink under the prep line
- Pest control records were observed for 6/27/2018. The record indicated no activity, no rodents caught. Follow up for pest control was scheduled by Dewey pest control on 6/29/2018.
- Pest control records were observed for the 6/29/2018 Dewey pest control follow up service conducted this date. The records indicated that no new recent activity was observed, no rodents were caught in any traps. A follow up with Dewey Pest control is scheduled for 7/9/2018.

Continue to eliminate the infestation and evidence of an infestation. Manager has been instructed to continue efforts to eliminate harborage and elimination of pests and evidence of pests from the facility. Continue to thoroughly clean all areas where rodent droppings/activity have been observed during recent inspections. Provide your local health inspector follow ups regarding progress by sending the Pest control records via email or text to your health inspector, including Dewey pest control documents immediately after their follow ups.

A follow up with local health inspector required to verify continued compliance on 7/9/2018. A follow up inspection will be conducted in 1 weeks time to verify continued compliance and to inspect for continued signs of rodent activity.

**Description:** Billable re-reinspection conducted at this time to determine compliance from prior reinspection.
