16K993 Re-Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: The purpose of this visit is to conduct a billable inspection requested by the operator.

The following was noted/observed during the previous re-inspection:

- One (1) live adult German cockroach in an exposed crack in the wooden cabinet above the old bar
- One (1) live adult German cockroach with an egg sack on its back on the floor in the buffet area

On this date operator stated that they have been cleaning and treating the facility every day since the previous re-inspection and permit reinstatement. They also stated that they have patched every opening, cracked floors, and walls, have been treating drain areas with bleach and water, and have followed recommendations from pest control. Per operator, pest control will be treating and inspecting the facility everyday. The following was observed on this date:

- One (1) live adult German cockroach on the wall above the handwashing sink adjacent to the tortilla dry storage rack
- One (1) live adult German cockroach on the floor in front of the entryway to the kitchen adjacent to the old bar

See violation.

Description: Billable re-reinspection conducted at this time to determine compliance from prior reinspection.
