RETAIL FOOD PROTECTION - Public Eating PI (25-99 Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice,

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K995 Permit - Suspension

Compliance Date: Not Specified

Not In Compliance

Violation Reference - HSC

Inspector Comments: Permit suspended on this date due to sewage overflow in the dining room area and restroom.

Once sewage overflow is eliminated, contact EHS for reinspection prior to opening and operating facility.

Violation Description: Violation(s) observed pose an immediate threat to public health and safety and the health permit to operate is hereby suspended and ordered closed until the listed violation(s) have been corrected and verified by DEHS. Facility is to remain closed until permission from DEHS is given. Contact your inspector at your local office to schedule a reinspection to reinstate the health permit. Posted closed, do not move, hide, or remove sign.

16K999 Complaint Inspection

Compliance Date: Not Specified

Reference - HSC

Inspector Comments: A complaint inspection was conducted on this date in response to a complaint received by Environmental Health Services.

Nature of complaint:

The complainant alleged that there was sewage water back up inside of the dining area.

Findings:

- Manager was aware of the complaint
- Manager stated that the sewage back up started in the restroom and dining area.

Observed the following:

- Facility was open during the time of inspection
- Floors were in the process of being cleaned during the time of inspection
- Back area of the kitchen was observed to be clean and water from the three compartment sink, mop sink and the handwashing sink was turned on and water was able to properly drain
- Floor sink under the soft drink dispenser was observed to be over flowing
- Restroom was observed to be overflowing when toilets are flushed
- Plumber was on site making repairs during the time of inspection

Manager was instructed to discontinue food preparation and clean and sanitize all affected areas.

Facility is closed as of further notice. Follow up is required.

Description: A complaint report has been received by Environmental Health.

Overall Inspection Comments

A notice of closure sign was posted on this date
