TIME IN 3:48 PM	TIME OUT 5:45 PM	FACILITY ID FA0009453	RELATED ID CO0080708	PE 1622
SERVICE: 004 - COMPLAINT - INITIAL RESULT: 05 - CORRECTIVE ACTION / FOLLOW UP REQU ACTION: 13 - PERMIT SUSPENDED / FACILITY CLOSED				

RETAIL FOOD PROTECTION - Public Eating PI (100-Up Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K999 Complaint Inspection

Compliance Date: Not Specified

Inspector Comments: The purpose of this visit is to conduct a complaint investigation. A complaint was received by San Bernardino County Environmental Health Services on October 15, 2021.

Reference - HSC

The complainant stated that the restaurant smells of rats as soon as you walk in.

Upon questioning manager stated that they were aware of this complaint. Manager stated that they contracted a new pest control company to target rodents since the last routine inspection which was conducted on September 30, 2020 where old rodent droppings were observed in the dry storage room. Manager stated that pest control last treated the facility on 10/19/21, receipt was provided. The pest control receipt stated that two (2) bait traps were placed on the exterior of the facility. Several rodent sticky board traps, wooden pedal traps, and cage traps were observed on the floor throughout the facility.

On this date several fresh rodent droppings were observed near food and food contact surfaces in the following areas:

- on the same shelf where the pizza pans and to-go containers are stored which is located under the cash register
- on the same shelf and near a bag of potatoes adjacent to the walk in refrigerator
- on the same shelf where a large pot is stored adjacent to the ice machine
- one (1) rodent dropping was observed on the mechanical ware washing machine
- two (2) rodent droppings near clean utensils on the clean dish storage rack near the three compartment sink

On this date several fresh rodent droppings were observed on the floor in the following areas:

- along the walls in the small room near the side facility entrance door located near the kitchen entrance
- behind the ice machine
- under the mechanical ware washing machine
- under the 3-compartment sink
- under the preparation table adjacent to the ice machine
- under the janitorial sink
- under the hand wash sink adjacent to the janitorial sink
- under the preparation table in front of the walk in refrigerator
- under the large commercial mixer
- near the back door
- under the hand wash sink in the kitchen area
- under the stoves
- in front of the door where the water heater is located
- under the soda machine syrup boxes
- under the dry storage shelves throughout the dry storage room
- under the pizza oven
- under the hand wash sink adjacent to the cash register
- under the cold holding unit in the front area
- along the wall in the front area under the prep tables.
- along the walls adjacent to the restrooms
- near the gum ball machine
- near the front entrance of the facility

Manager stated that they have contacted their pest control company at this time and that they will be treating the facility tomorrow, October 21st at 6:30 am.

Description: A complaint report has been received by Environmental Health.
