**Description:** A foodborne illness complaint report has been received by Environmental Health.

**Overall Inspection Comments**

Advised manager of complaint. Manager states of not receiving any other complaints.

Manager states that facility does not prepare or sell any raw sushi. California Roll Sushi is made with cooked imitation crab and is purchased pre-packaged from Fuji Food Products.

Observed all packages tightly sealed. Air temperature of refrigerator registering 31 degrees, surface temperature of product at 35 degrees. Temperatures are monitored electronically, and a floor walker monitors every hour.

All containers were marked with an expiration date of 4/5/15, and Environmental Health or Costco has not received any notifications of any recalls of product.

A recent routine Health Inspection did not indicate any temperature violations.
