RETAIL FOOD PROTECTION - Prepackaged (500-2499 SqFt)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K992 Permit Reinstatement

Compliance Date: Not Specified

Inspector Comments: The health permit to operate prepackaged food ONLY is reinstated this date.

Not In Compliance

Reference - HSC

Description: The health permit to operate is hereby reinstated and facility may open.

16K994 Reinspection

Compliance Date: Not Specified

Inspector Comments: This follow-up inspection has been conducted to verify the facility in compliance with their live cockroach infestation.

Not In Compliance

This re-inspection is being conducted at the request of the operator.

Reference - HSC

During the routine inspection conducted on 1/08/19, several old sticky traps were observed containing numerous dead German cockroaches in various life stages. Numerous live German cockroaches were observed on the table next to the mop sink and in a group cluster near the water heater.

On this date of reinspection on 1/11/19, one (1) live nymph German cockroach was observed at the water heater.

Two sticky traps were observed around the water heater dated 10/10. One sticky trap contained one (1) dead nymph German cockroach and the other sticky trap contained none. No live or dead German cockroaches or droppings were observed anywhere else inside the facility or in the immediate outside vicinity during this time of re-inspection.

The facility has proved proof of records of pest control service on 10/10/19.

Per pest control service record on 10/10/19, the interior was sprayed with a chemical treatment and the observed pest count was 6.

Continue weekly pest control service until pests are completely eliminated and then continue monthly pest service.

The floors, walls, and ceilings were observed to be thoroughly cleaned. Observed one base plate to be detached from the wall parallel to the mop sink. Repair/replace the base plate and ensure that it is securely attached to the wall and sealed.

Per consultation, the facility may reopen their facility under their prepackaged permit ONLY for permit (PR0000709).

The facility shall not conduct any open food prep under their second permit (PR0000710).

Continue to maintain this facility in a clean and sanitary condition and continue to eliminate all vermin and evidence of vermin from this facility including but not limited to cockroaches.

Description: Reinspection conducted at this time to determine compliance from prior inspection.

Overall Inspection Comments

An "A" grade card has been posted.

The Notice of Closure sign will remain posted at the facility for the open food prep permit under PR0000710.
